

Bulldog Brags and Blasts from Superintendent Chad Hall

- The first cross country meet in several years at Lexington was co-hosted and sponsored by the Army National Guard. We appreciate their partnership.
- With Fast Pitch in regionals probably as you read this, and football with a big district win, Bulldog Athletics are going into the fall strong.
- Our recent professional development day was a good time for curriculum development made even better by our friends at Patriot Ford coming to provide lunch, and Turner Drug delivering flu vaccines.
- Please make plans to attend the upcoming parent teacher conferences. The best learning experiences are delivered through home and school working together.
